# Duoform | Versatile extra capacity

If you've ever dreamed of a sink with extra capacity bowls, the Duoform is for you. The 35 litre mega bowl is large enough to swallow just about any roasting dish, baking tray or wok whilst being ergonomically designed to limit your bending. This practicality does not come at the expense of style with Oliveri Duoform's inspired design being perfectly at home in either the kitchen or the laundry.

## Tapware Accessories Features

**Recommended tapware**  
See pages 32-35 for full details

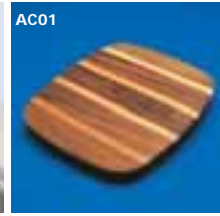

**Custom made accessories**  
See pages 36-37 for full details

**35 Litre Mega Bowl**  
The Duoform features a larger capacity main bowl than most sinks suitable for washing the largest roasting dish or wok with ease.

**Economical in the Laundry**  
In the laundry, the Duoform's main tub holds a water-saving 35 litres whilst still being deep enough to fill large containers.

**Stylish & Practical**  
A stylish and hygienic fan fluted drainer and double rim design is perfect in the kitchen.

**Practical in the Laundry**  
Fan-fluted drainers are practical in the laundry when hand-washing delicates.

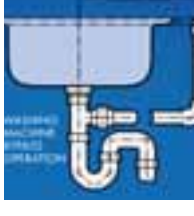

**18/10 Stainless Steel**  
Oliveri sinks are manufactured from genuine 18/10, 304 grade stainless steel.

**Ergonomic**  
Duoform's shallower bowl is both practical and easy on your back for use in the Laundry.

**Oliveri Logo**  
The Oliveri signature represents over 60 years of world class sinkware manufacture in Australia.

**Optional Bypass Plumbing**  
Fitting bypass behind washing machine is easy with Oliveri Laundry products. These items are not available from Oliveri.
