THE OLIVERI STORY

We aim to bring fresh, exciting products to market of unquestionable quality and with broad contemporary appeal. In this way we can support our customers with ever increasing choice and confidence in products built to last.

Oliveri has been designing and manufacturing product in Australia since 1947. Our proud heritage is based on consistently high quality products and enviable customer service.

In addition to our locally made product, Oliveri sources and distributes a comprehensive range of sinks, taps, water filter systems and bathroom products from around the globe.

As we continue to grow and adapt, we remain committed to local design development and manufacturing opportunities.

Oliveri Solutions
 © Registered trademark of Oliveri Solutions. Under its policy of ongoing product development, Oliveri Solutions may from time to time change product specification without notice. **WARNING:** Products in this brochure and all literature pertaining to, are subject to Intellectual Property Protection. All dimensions given are approximate and should be checked prior to installation. The product images shown are for illustration purposes only and may not be an exact representation of the actual product.

Warranty
 Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Refer to oliveri.com.au for warranty details.

International Products
 Selected Oliveri sinks, accessories and taps are sourced from international suppliers. They are designed and manufactured to Oliveri's specifications and quality standards.

Environmental Statement
 This catalogue was printed using vegetable based inks on paper sourced from sustainable forests.

LOVE YOUR BATHROOM

Whether you are catering for the needs of a growing family or creating your ideal sanctuary, the Oliveri Bathroom range is the perfect choice.

Explore the benefits of our bathroom products below.

Bathroom range /

Trusted name

Look for a reputable brand that supplies quality products that comply with Australian Standards.

Warranty

Compare warranties across products and look for the brand with the most confidence in their products. The Oliveri bathroom range comes with a 5 - 20 year warranty*.

Tapware /

Colours

Our bathroom taps come in an array of finishes from polished chrome, white (satin), matte black, gunmetal, brushed nickel and classic gold. Choose a colour that compliments the rest of your bathroom.

Lead-free

Constructed from solid brass and zinc castings our bathroom taps are now all lead free.

Brass construction

Ensures the tap's durability and ability to withstand high water temperatures.

Built to last

Our tapware range has been rigorously tested to ensure they are built to last. Each surface is given 200 hours of salt spray testing and 50,000 cycle tests.

WELS rating

This rating is designed by the Australian government to indicate the water efficiency of water related products. The higher the star rating (out of 6) the more water efficient it is.

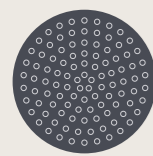

Dual flow

Dual flow taps come with a 6 Star (4.5L per min) WELS rating by default but can be swapped to 5 Star (6L per min) using the included aerator.

Showers /

More hygienic, easier to clean and longer lasting

Our Rome and Monaco ranges feature silicone nozzles which are more hygienic, easier to clean and longer lasting than rubber nozzles.

Functional and efficient choice

All showers are 3 star WELS rating with a 9L per minute flow rate for the best combination of efficiency and functionality.

Strict quality control

Our showers are tested for maximum durability. The PVC hoses are thoroughly checked against breakage and high pressure hot water is run through the shower body to ensure no internal damage.

Three shower settings

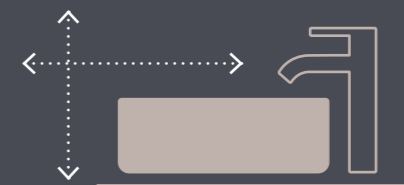

Choose from rain, needle and massage spray options on all Oliveri hand showers that can be easily switched using a button or lever.

Basins /

Tried and Tested

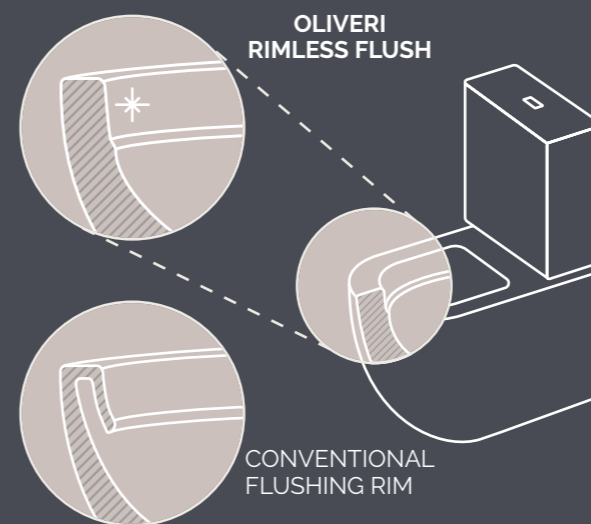

Our premium glazed basins undergo 200 hours of corrosion testing to ensure durability.

Installation

Choose from countertop, undermount, wall hung, inset or semi recessed basin installation options.

Toilets /

Quiet and safe soft close seats

The Oliveri soft close seat with quick release hinges guarantees maximum hygiene. Soft close is standard with all Oliveri toilet suites.

Superior quality Geberit flushing systems

Oliveri toilets* come standard with Geberit Flushing Systems. Designed in Switzerland, the superior quality means Geberit is virtually maintenance free.

*Excludes commercial and care suites.

Functional and efficient choice

Our toilets have a 4 star WELS rating with an average flush volume of 3.5L.

Easy clean rimless flush

No more under the rim cleaning. Rimless flush toilets are easier to clean with superior hygiene. Rimless flush is standard on all Oliveri toilet suites.

Accessories /

Superior hold

Strong 2 or 4 point fixings

Solid construction

Our accessories are constructed from brass, stainless steel and cast zinc components.

Tapware

Featured products /
Paris basin mixer in matte black: PA069526FMB

Oliveri Bathroom Tapware takes bathroom design to the next level. There are over 80 different products including a range of pin or paddle levers in our tapware collections. Constructed from premium solid brass, our tapware includes six different surface finishes, ever-popular chrome, luxurious brushed nickel, modern matte black, versatile gunmetal, sophisticated classic gold and velvety white (satin). And whether your preference is a wall mixer, wall spout, basin mixer or tower option, there is an Oliveri tap to suit.

White (Satin)

Smooth and velvety appearance, with a gentle luster that enhances its visual appeal without being overly reflective. This finish is ideal for creating a cohesive and seamless look especially when paired with other white fixtures or accessories.

Polished Chrome

A solid performer, chrome has been the most popular tapware finish for decades, and for good reason. Chrome is a timeless and durable choice for your bathroom.

Matte Black

Sleek and sophisticated, the popularity of matte black tapware continues. Due to its adaptable nature and contemporary look, matte black can be paired with a variety of colours and designs.

Brushed Nickel

A premium PVD coating gives our brushed nickel tapware its stunning colour. This soft, metallic finish is a close match to stainless steel and is a great alternative to chrome. Brushed nickel is versatile and will look great in any bathroom.

Gunmetal

The dark, neutral hue of gunmetal give this popular metallic finish a strong, masculine look. Gunmetal is a versatile design option that works particularly well in modern homes.

Classic Gold

A sophisticated, subtle accent colour, classic gold is designed for luxury highlights. Use classic gold for a relaxing, warm space. This versatile colour works with any number of tile and cabinetry choices.

Flexible, unibody wall mixer designs.

With Oliveri's unibody wall mixer and trim kit designs, you can switch the colour and or design style of selected wall mixers AFTER installation.

Practical and Flexible Design

Introducing inwall mixer bodies with interchangeable trim kits.

Purchasing Flexibility

Oliveri wall mixer rough-in body and trim kits are sold separately or can be purchased together as a single item. See Oliveri website for details.

Lead FREE

SERIES 1

Inwall bodies compatible with all trim kit colours from the Verona range only.

How Series 1 Works

- 1 Builders install Verona inwall mixer bodies without needing a final colour choice commitment.

Inwall mixer body

Oliveri basins make a stunning statement in any bathroom. Choose from five different installations and a variety of shapes and colours.

Installation Options:

We offer five different installation choices across the range - countertop, wall-hung, semi-recessed, inset and undermount.

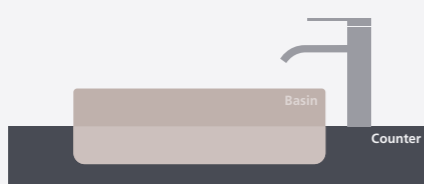

Counter Top

A statement focal point in your bathroom design.

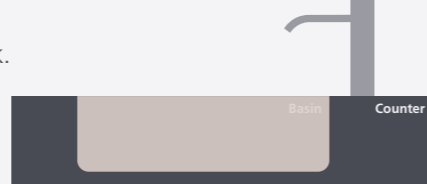

Inset

A neat installation option.

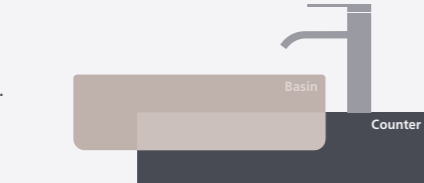

Undermount

A minimalistic look.

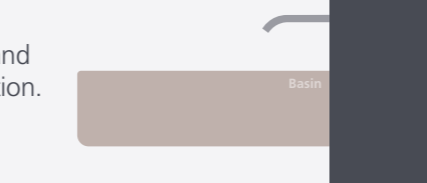

Semi-recessed

Space saving for narrow vanities.

Wall Hung

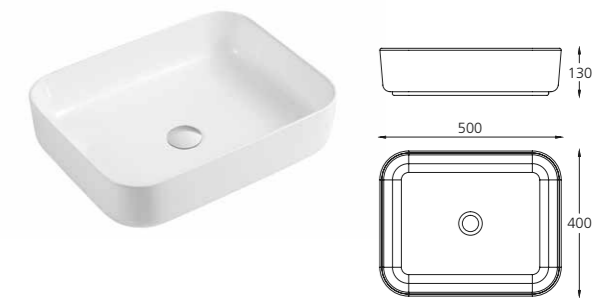

A contemporary and space saving solution.
