# THE OLIVERI STORY

We aim to bring fresh, exciting products to market of unquestionable quality and with broad contemporary appeal. In this way we can support our customers with ever increasing choice and confidence in products built to last.

Oliveri has been designing and manufacturing product in Australia since 1947. Our proud heritage is based on consistently high quality products and enviable customer service.

In addition to our locally made product, Oliveri sources and distributes a comprehensive range of sinks, taps, water filter systems and bathroom products from around the globe.

As we continue to grow and adapt, we remain committed to local design development and manufacturing opportunities.

**Oliveri Solutions**  
© Registered trademark of Oliveri Solutions. Under its policy of ongoing product development, Oliveri Solutions may from time to time change product specification without notice. **WARNING:** Products in this brochure and all literature pertaining to, are subject to Intellectual Property Protection. All dimensions given are approximate and should be checked prior to installation. The product images shown are for illustration purposes only and may not be an exact representation of the actual product.

**Warranty**  
Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure. Refer to [oliveri.com.au](http://oliveri.com.au) for warranty details.

**International Products**  
Selected Oliveri sinks, accessories and taps are sourced from international suppliers. They are designed and manufactured to Oliveri's specifications and quality standards.

**Environmental Statement**  
This catalogue was printed using vegetable based inks on paper sourced from sustainable forests.

# SINK SELECTION GUIDE

Here's our step-by-step guide to selecting the right sink and tap for you.

## Selecting the right sink /

### Installation

Topmount sinks are installed above the bench top, undermount below, and flushmount are installed flush with the bench top. We recommend you go for a topmount sink when using a laminate benchtop.

### Cabinet size

Check that your cabinet is wide enough (left to right) and deep enough (front to back) to accommodate your chosen sink.

### Pressed or fabricated

Pressed bowls are made from drawing the shape of the bowl out of a sheet of stainless steel, while fabricated bowls are made by folding their shape and welding its sides. Generally fabricated sinks will allow for tight radius edges, while pressed bowls will have a rounder, more traditional shape.

### Configuration

How many bowls do you want? How many drainers, if any at all? And do you want the bowl on the left or right hand side?

### Finish

Sinks come in polished, brushed and coloured stainless steel as well as fireclay and granite finishes.

### Bowl size

Do you want deep bowls for submerging baking trays and other cooking utensils? Or do you just need enough space to wash dishes too fragile for the dishwasher?

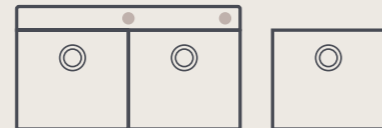

Look for these handy icons throughout the catalogue to help select the right sink for you.

-  **Topmount sinks**  
Suitable for installation above the bench top where the sink is inserted into the cut out. Topmount installation is suitable for all bench tops.
-  **Undermount sinks**  
Suitable for installation below the bench top and is most often chosen for solid surfaces such as granite.
-  **Flushmount sinks**  
Suitable for installation above the bench top in a routed edge so the top of the sink and bench top sit flush. Must be installed by a professional.
-  **Alfresco**  
Sinks ideal for alfresco entertaining.
-  **Laundry**  
Sinks ideal for use in the laundry.

### Tap integration

Do you need a big tap landing for multiple taps? Or do you prefer a sleeker look with no tap landing?

### Scratch prevention

Oliveri sinks are manufactured from genuine 18/10, 304 grade stainless steel, for optimum hygiene and durability. However, no stainless steel sink was ever designed to do battle against hardened metal utensils or food processor blades, etc, and will undoubtedly incur scratching. Over time, scratches in steel will appear less obvious as the sink develops its own unique finish. We recommend using bowl and surface protectors to help minimise scratching.

### Accessories

Check what custom made accessories are available for your sink, on pages 33 to 36, to make the most of your sink space.

### Warranty & service

All Oliveri sinks have a lifetime manufacturer's warranty\*. For more information visit [oliveri.com.au](http://oliveri.com.au)

\*Refer to [oliveri.com.au](http://oliveri.com.au) for warranty details.

## Selecting the right tap /

### Quality /

#### Trusted name

Look for a reputable brand that supplies quality products that comply with Australian Standards.

#### Warranty

Compare warranties across products and look for the brand with the most confidence in their products. Oliveri taps come with a 10 - 15 year warranty\*.

#### Watermark

Ensure that the tap you are purchasing has the Watermark Logo (you can usually find it at the back of the tap). This confirms that the tap complies with Australian Standards.

#### WELS Rating

This rating is designed by the Australian government to indicate the water efficiency of taps and other water related products. The higher the star rating (out of 6) the more water efficient it is.

### Design /

#### Goose neck vs. single lever tap

Goose neck taps make a grand statement in your kitchen, while a single lever tap is simple in design, offering a low-profile look.

#### Finish

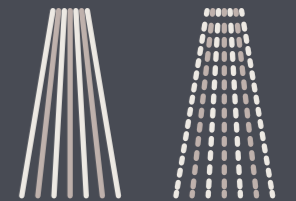

Today, kitchen taps come in an array of finishes from polished chrome, white, matte black, brushed black, gunmetal, natural brass to gold. Choose a finish that compliments the rest of your kitchen appliances.

### Functionality /

#### Spray and select button

Some mixers have an easy-flick button that changes the water pressure from high pressure to shower spray.

#### Water pressure

Be sure to check that your water pressure is compatible with the guides specified within your warranty.

#### Pull out mixer

A pull out mixer adds new functionality to your kitchen tap. The pull out gives you extra reach and is particularly helpful when filling pots and vases.

\*Refer to [oliveri.com.au](http://oliveri.com.au) for warranty details.

## Features /

### Italian made

Constructed from 80% granite and quartz, 20% resin and made in Italy to ensure premium quality and reliability.

### Yours for life

This sink comes with a lifetime manufacturer's warranty\* for your peace of mind.

### Scratch resistant

This resilient sink is ready to battle your knives and forks.

### Heat resistant\*

The granite is able to withstand thermal shocks and is heat resistant up to 280°C.

### Easy to clean

An active agent in the sink resists limescale making it easy to clean.

### Multiple colours

These sinks are available in multiple finishes allowing them to fit seamlessly into different kitchen styles. Colours include black, matte black and white.

\*We recommend using a surface protector for hot pots which can reach up to 600°C.

## Features /

### Durability

Fireclay sinks are known for their exceptional durability. They are formed from clay, then glazed, and when fired at very high temperatures, result in a dense, ceramic material that is highly resistant to scratching and chipping.

### Heat resistance

These sinks can withstand high temperatures, making them ideal for handling hot pots and pans without damage.

### Stain and discoloration resistance

Fireclay sinks do not rust or fade, maintaining their appearance over time. They are also resistant to stains, which can be easily removed with common household cleaning materials.

### Aesthetic appeal

Fireclay farmhouse sinks have a timeless design that evokes feelings of nostalgia and warmth.

### Italian made and handcrafted

Each fireclay sink is handcrafted in Italy, giving it a unique look and feel for an elevated kitchen or laundry experience.

### Easy maintenance

Besides being rustproof, fireclay sinks are easy to clean, which is crucial for maintaining kitchen hygiene and ensuring food safety.

 MATTE BLACK  WHITE

 Goose neck 3 way filter tap: VE523FCR

## Features /

### Accessibility

Care sinks in the Puro range can be installed to comply with the Australian Standard AS1428.2.

Designed for accessibility, Puro sinks feature the following:

- shallow bowl depth
- side tap landing(s)
- insulated underside of bowl as standard
- central waste position

### Proudly Aussie made

Puro is one of the many ranges of stainless steel sinks that we produce in our Adelaide factory.

### Peace of mind

All Oliveri stainless steel sinks come with a lifetime manufacturer's warranty.\*

### Installation options

Puro Care sinks are topmount reversible sinks – your installer can install them depending on which side you'd like your sink's waste outlet, tap and drainer.

### Tap installation options

The unique Puro non-drainer sink has a tap landing on both ends and can accommodate multiple taps and tap installation locations.

**PU2825**

# Sustainability

At Oliveri, sustainability is a core value. We design products to stand the test of time.

We are proud of our ISO 14001 certification, the international standard for effective environmental management, which we earned through our long-term commitment to sustainability.

We work with sustainable materials and operate on **zero waste to landfill** at our Adelaide factory. The durability of our long-lasting products also ensures a reduction in waste.

**100%** of Oliveri fleet cars are hybrid and **over 50%** of the forklifts in our factory are full-electric!

**Our products are designed to stand the test of time.** Our kitchen sinks come with a lifetime manufacturer's warranty and our tapware feature warranties lasting up to 15 years.

Our local manufacturing contributes to sustainability by **reducing the environmental, social, and economic impacts** associated with long global supply chains.

All materials used in our kitchen & bathroom packaging is **100% recyclable.**

### Bench depth

Make sure your bench is deep enough for your sink. 600mm is the standard depth of a kitchen bench; however this is often not enough for a big laundry tub. Laundry sinks are generally bigger than kitchen sinks, and you'll have hoses tucked in behind your washing machine. We recommend a minimum 650mm deep benchtop in the laundry.

### Cabinet width

You'll also need to consider the size of your cabinets, as laundry sinks are normally larger than kitchen sinks. A large laundry tub may require even more space, for example the Oliveri TI70 laundry tub needs a minimum cabinet width of 700mm.

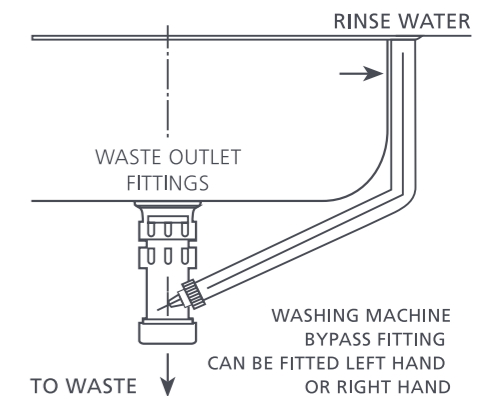

### Overflow and bypass plumbing

The Oliveri Laundry range is available with an overflow and bypass plumbing option. An overflow can safeguard against accidental overfilling, while the bypass plumbing will allow washing machine grey water to enter the drain even while the tub is in use.

**Overflow option**

**Bypass plumbing**

- 7 **Harsh water option for hard water areas**
- 8 **Capacity:** Inline cartridges have a capacity of 56,700 litres or one year, whichever comes first\*. 3 Way Mixer Tap or Satellite Filter Tap Replacement Cartridges have a capacity of 9,450 litres or one year, whichever comes first\*.

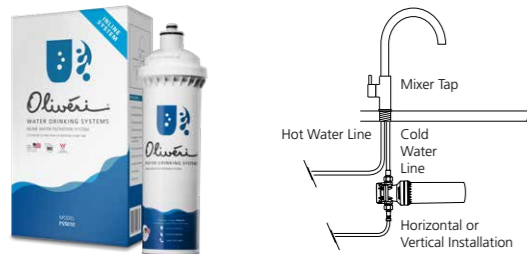

\*\* Cysts blocked by 1 micron filtration systems only. † Filter Cartridge life is subject to incoming water pressure, water flow and water quality.

## Inline Water Filtration Systems

Connects to any new or existing mixer tap.

- FS5010**  
Inline Water Filtration System for Standard Water Use
- FR5910**  
Inline Water Filtration Replacement Cartridge for Standard Water Use
- FS5050**  
Inline Water Filtration System for Harsh Water Use
- FR5950**  
Inline Water Filtration Replacement Cartridge for Harsh Water Use

## Filter Connection Kit

Connects to a new or existing 3 way mixer or satellite tap.

- FS7005**  
3 Way Mixer Tap or Satellite Filter Tap Filter Connection Kit
- FR7905**  
3 Way Mixer Tap or Satellite Filter Tap Replacement Cartridge

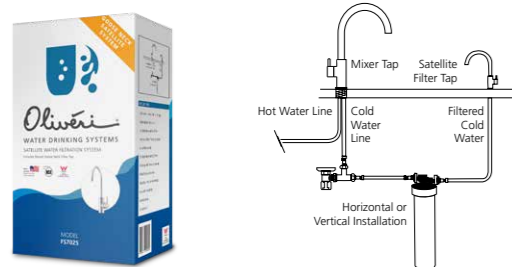

**NOTE**  
This filter connection kit can be connected to an Oliveri 3 Way Mixer (sold separately, see page 30) or an existing 3 way mixer. Alternatively this connection kit can be connected to an existing satellite tap.

## Satellite Water Filtration Systems

Filters mains water through a designer satellite filter tap.

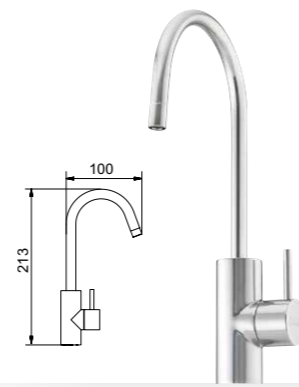

- FS7025**  
Satellite Water Filtration System with Round Goose Neck Filter Tap
- FR7905**  
Satellite Water Filtration Replacement Cartridge

## Round Goose Neck Filter Tap

With water filtration system

- Included in Satellite Water Filtration System kit:
- FS7025**
- Warranty 6 years\***
